VYPER CHOOSES SWISSTRAX

AT A GLANCE

VYPER was searching for a long lasting, durable, removable, professional flooring solution that would elevate their shop and brand their new podcast room. They wanted *something more* than epoxy or any other flooring solution could offer and trusted **SWISSTRAX** for the job.

“Honestly it looks absolutely amazing.”

“We wanted something that would fit the vibe and style we were looking for.”

“Their tile is so easy to put together. Our 10 x 12 room took 15 minutes to complete.”

“Our favorite reason that we bought Swisstrax is because it was made in America.”

“When compared to an epoxy where you need to etch and roll out the coating. It was a way easier and neater installation.”
