

Professional Modular Panel

The Professional panel is the workhorse of the UBS lineup at a robust 1.25" thickness and 2 lbs. per sq. ft. it is the strongest panel made by Ultra Base. The professional panel excels for uses that range from synthetic turf putting greens, tee lines, or any location where heavy load traffic may be an issue while eliminating the need for concrete. Designed with both horizontal and vertical drainage capabilities and our patented turf barbs to keep synthetic turf in place, simply put, the Professional panel is a better playing surface with a safer and more predictable base.

	Dimensions	30" x 30" x 1.25" (10.6 lbs.) Usable Dims: 28" x 28" x 1.25" 5.44 sq. ft.
	GMAX	133
	Vertical Drainage	341 inches per hour
	Horizontal Drainage	96.4 inches per hr
	Load Capacity	Exceeds 1335 lbs. per sq. in
	Storage Capacity	3.58 gallons
	Do It Yourself	Quick install in hours not days.
	Construction	1.25 inch high panel with drainage holes and patented turf barbs.
	Recyclable	Made from 100% Recyclable material.
	Warranty	Limited Lifetime Warranty

Maximum Drainage
Permeable Design allows for moisture to drain meeting most county codes of ordinance

Economical Choice
Most cost effective option compared to pouring concrete

Portable
Modular design allows panels to be moved after installation.

Professional Modular Panel

Drain-Through Technology

16-Interlocking Connections
