

# MAXX CROSBY CHOOSES VERSACOURT

## AT A GLANCE

Maxx Crosby was in need of a new backyard basketball court. His current court was faded, cracking, and full of dirt and debris. Versacourt recommended Game Tile in Raider colors with a new logo to completely transform his backyard space.

*"I want the best of the best of whatever I do. If I want something I want it done right. Having it 100% professional and done the right way. I feel like it checked every box. I'm fired up about it."*

*-Maxx Crosby, Las Vegas Raiders Defensive End*

## CHALLENGES

- Unevenly squared concrete walls made any modular court system seem off center.
- Goal placement made regulations game lines and precise measurements challenging.
- Previous court system was faded, cracked, dingy, uninviting to play on and was an overall eye sore for the backyard space.

## SOLUTIONS

Versacourt is highly customizable, durable, and adaptable. With different colors and game court styles, Versacourt is the ultimate athletic court system for a wide variety of projects.

### ADAPTABILITY

By aligning the court with the current goal, Versacourt was able to ensure the court and game lines were centered and aligned perfectly.

### VERSATILITY OF TILES

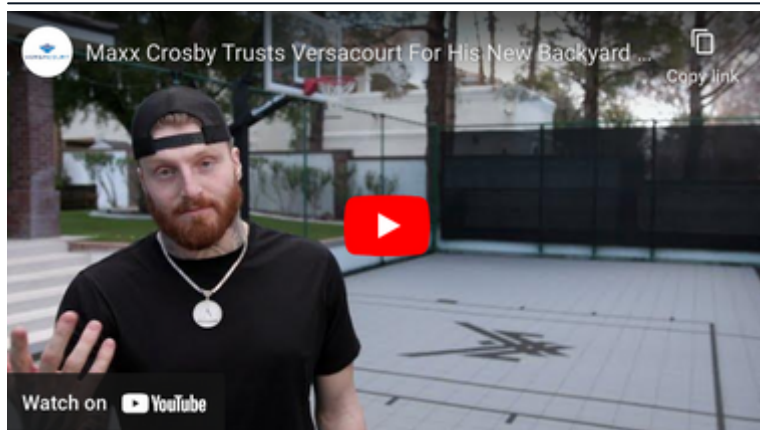

Removable and install of various rows of tiles allowed the install crew to find the correct distance for the free throw line.

### QUICK SOLUTIONS

The shortage of tiles ultimately ended up working out. Essentially the crew applied paint to some unpainted tiles and the court was ready to go.
